## INDEPENDENT AUDITORS' REPORT

Board of Directors  
Trustees of Funds and Endowments, Inc.  
Milwaukee, Wisconsin

### **Report on the Financial Statements**

We have audited the accompanying financial statements of The Combined Fund of the Episcopal Diocese of Milwaukee, which comprise the statements of assets and liabilities, including the schedules of investments, as of December 31, 2020 and 2019, and the related statements of operations and changes in net assets for the years then ended, and the related notes to the financial statements.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Board of Directors  
Trustees of Funds and Endowments, Inc.

***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Combined Fund of the Episcopal Diocese of Milwaukee as of December 31, 2020 and 2019, and the results of its operations and changes in net assets for the years then ended in accordance with accounting principles generally accepted in the United States of America.

**Report on Supplementary Information**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The Investor List is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2020 AND 2019**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Organization**

The Combined Fund of the Episcopal Diocese of Milwaukee (the Fund) was established in 1958 by the Trustees of Funds and Endowments, Inc. of the Episcopal Diocese of Milwaukee, Inc., to provide a central common investment trust fund as an investment alternative for institutions affiliated with the Diocese. It is not separately incorporated. The Fund provides investment vehicles that allow for periodic distributions while providing capital stability and appreciation. The Fund follows the accounting and reporting guidance in the Financial Accounting Standards Board (FASB) Accounting Standards Codification 946 for investment companies.

For GAAP purposes, the Fund is considered an investment company pursuant to the guidance contained in Financial Accounting Standards Board (FASB) Accounting Standards Codification 946 *Financial Services — Investment Companies*.

**Basis of Presentation**

These financial statements have been prepared on the accrual basis method of accounting. Security transactions are recorded on the trade date basis. Interest and dividend income is recognized when received. Short-term money market instruments held for production of income are reported as investments in securities in the financial statements.

Investors in the Fund may also invest monies in an Institutional Money Market Fund. Such investments are not part of the Fund nor under the review of the Trustees of Funds and Endowments, Inc.

Under the trust company provider's platform, each investor's fund is held in an investment pool at its dollar amount. Net earnings and capital gains and losses are allocated pro ratably among all investors based on the dollar size of each investor's fund. Contributions to and distributions from the Fund are done on a daily basis.

The Fund offers two investment vehicles in addition to its Long-Term Legacy Investment Pool. A Short-Term Income Investment Pool and a Mid-Term Capital Investment Pool are available to offer greater flexibility in investment choices to investors. The short-term pool is intended primarily for investors with a time horizon of 12 to 18 months or less. The mid-term pool is intended primarily for investors with a time horizon of 3 to 5 years. The long-term pool is intended for longer time horizons and perpetual endowment funds.

**Investments and Investment Income**

Investment transactions are accounted for on the trade date. Investments are reported at fair value, which are generally determined based on quoted market prices at the close of the period. The difference between cost and fair value is reflected as unrealized appreciation (depreciation) of investments. Realized gains (losses) from securities transactions are determined on the identified cost basis. Dividend income is recognized on the ex-dividend date, and interest income is recognized on an accrual basis.

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2020 AND 2019**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Taxation and Regulation**

The separately incorporated Trustees of Funds and Endowments, Inc. of the Episcopal Diocese of Milwaukee, Inc. is an institution of the Episcopal Church in America and is not subject to federal or state taxes or regulation.

**Custodian and Manager**

A bank trust company has been engaged to provide custody of securities, receipt and redemption of investor funds, and maintenance of accounting records. An investment consulting company monitors and evaluates the performance of the investment managers and makes recommendations on additional investment alternatives, including investments in mutual funds.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period.

**Risk and Uncertainties**

The Fund invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

**Subsequent Events**

Management has evaluated subsequent events through July 28, 2021, the date the financial statements were available to be issued.

**NOTE 2 FAIR VALUE MEASUREMENTS**

Investments are reported at fair value. The Financial Accounting Standards Board has established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows.

**THE COMBINED FUND OF THE EPISCOPAL DIOCESE OF MILWAUKEE**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2020 AND 2019**

**NOTE 2 FAIR VALUE MEASUREMENTS (CONTINUED)**

*Level 1* – Value is based upon quoted prices in active markets for identical investments.

*Level 2* – Value is based upon other significant observable inputs (including quoted prices for similar investments).

*Level 3* – Valuation is based upon significant unobservable inputs (including the Fund's assumptions in determining the fair value of investments).

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgement. Accordingly, the degree of judgement exercised in determining fair value is greatest for instruments categorized in Level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety, is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

*Short-Term Funds:* These are money market accounts stated with a per share valuation of \$1.00.

*Mutual Funds:* Valued based on publicly quoted market prices reported daily by the funds.

*Limited Partnership:* Valued at the net asset value (NAV) by the partnership with the quoted fair value of the underlying investments held. The NAV, as provided by the partnership, is used as a practical expedient to estimate fair value. The fair value of this investment is not publicly quoted.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Fund believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

\*One investment that was measured at net asset value per share (or its equivalent) practical expedient has not been classified in the fair value hierarchy. The fair value amount presented in the above tables is intended to permit reconciliations of the fair value hierarchy to the line items presented in the statements of assets and liabilities.

The investment for which fair value is measured using the net asset value per share practical expedient as shown above is subject to quarterly redemptions with limitations as further disclosed in Note 6. The quarterly redemptions require a 60-day notice. There are no unfunded commitments with this investment.

The following table sets forth by level, within the fair value hierarchy, the Fund's assets at fair value as of December 31, 2020.

**NOTE 3 DISTRIBUTIONS**

Distributions to investors are made periodically based on an annually pre-approved rate by the trustees. The Fund utilizes a total return concept of investing whereby distributions do not distinguish between income and principal.

Under the trust company provider's platform, distributions are only paid to electing investors. Investors wishing to reinvest earnings simply have these amounts accumulated at the change in market value. The annual distribution rate for electing investors totaled 4.27% and 4.09% for 2020 and 2019, respectively.

**NOTE 4 RELATED PARTY**

An administrative fee, amounting to 0.48% annually, is assessed on behalf of the Trustees of Funds and Endowments, Inc. on Long-Term Legacy Investment Pool investor accounts as an administrative endowment fee. This administrative fee totaled \$112,890 and \$108,943 for 2020 and 2019, respectively.

**NOTE 5 FINANCIAL HIGHLIGHTS**

The Fund offers two investment vehicles in addition to its Long-Term Legacy Investment Pool: a Short-Term Income Investment Pool and a Mid-Term Capital Investment Pool.

The following table presents financial highlights for the Long-Term Legacy Investment Pool:

	<u>2020</u>	<u>2019</u>

Net Investment Income	1.62 %	2.24%
Total Return	5.29 %	5.86%

Financial highlights are calculated for investors as a whole and might not reflect individual investor results.

**NOTE 6 PENDING ACTIVITY**

The Fund has tendered an order to sell all of its investment in the limited partnership. Redemptions in this fund are limited to a partial quarterly distribution. The Fund will continue to tender this investment for sale quarterly until the entire partnership interest has been redeemed.

**NOTE 7 RISKS AND UNCERTAINTIES**

In March 2020, the World Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities. Specific to the Fund, COVID-19 may impact various parts of its 2021 operations and financial results, including the value of the investments held at December 31, 2020. The Trustees are continuing to monitor the impact on the investments. However, the full impact of COVID-19 is unknown and cannot be reasonably estimated as these events are still occurring subsequent to year-end.
